

FORMAL ORAL PRESENTATION...

Due December 8

This project is worth 15% of your overall grade.

Each student should prepare a 10 minute presentation discussing the following:

- 1) Name of site where you are doing your assignment (5 pts)
- 2) Reason you chose this site (10 pts)
- 3) Purpose of the organization (10 pts)
- 4) How the area in which the site is located has a possible influence on its goals – that is, is it located in an area of high need? Can its target population reach it easily? (10 pts)
- 5) Your schedule and the nature of your responsibilities in detail (15%)
- 7) Discuss what the experience of working at this site has been like for you (15%)
- 8) Discuss what you have learned about yourself at this site (15%)
- 9) Some of the issues you have been challenged to consider since working at this site (10%)
- 10) The most valuable aspect of this experience for you so far (10%)

The above tells how I will grade your final oral presentation (if you include everything *and* do it well, expect to get the full points; this is the recipe for doing well on this assignment).
